

I am writing this note because I hear that our local K-LOVE station may be replaced by an LPFM broadcaster that provides other programming. All I can say is DON'T DO IT! Our community needs K-LOVE. It is a station with integrity and good family values. We need that here. There are many people within our community that are hurting and taking away a source of help would not be in the public's best interest. Just say no to LPFM. I have a teenage son and they can use all the help they can get in today's society. Keep K-LOVE on the air. Thank you for listening.
